Defendant.)	

COMPLAINT

COMES NOW, DANIEL MELLENTIN, by and through the undersigned counsel, and files this, his Complaint against Defendant, AUTOZONE, INC., pursuant to the Americans with Disabilities Act, 42 U.S.C. § 12181 *et seq.* (“ADA”) and the ADA’s Accessibility Guidelines, 28 C.F.R. Part 36 (“ADAAG”). In support thereof, Plaintiff respectfully shows this Court as follows:

JURISDICTION

1. This Court has original jurisdiction over the action pursuant to 28 U.S.C. §§ 1331 and 1343 for Plaintiff’s claims pursuant to 42 U.S.C. § 12181 *et seq.*, based upon Defendant’s failure to remove physical barriers to access and violations of Title III of the ADA.

PARTIES

2. Plaintiff, DANIEL MELLENTIN (hereinafter “Plaintiff”) is, and has been at all times relevant to the instant matter, a natural person residing in St. Louis, Missouri (St. Louis County).

3. Plaintiff is disabled as defined by the ADA.

4. Plaintiff is required to traverse in a wheelchair and is substantially limited in performing one or more major life activities, including but not limited to: walking and standing.

5. Plaintiff uses a wheelchair for mobility purposes.

6. In addition to being a customer of the public accommodation on the Property, Plaintiff is also an independent advocate for the rights of similarly situated disabled persons and is a “tester” for the purpose of enforcing Plaintiff’s civil rights, monitoring, determining and ensuring whether places of public accommodation are in compliance with the ADA. Her motivation to return to a location, in part, stems from a desire to utilize ADA litigation to make Plaintiff’s community more accessible for Plaintiff and others; and pledges to do whatever is necessary to demonstrate the plausibility of Plaintiff returning to the Property once the barriers to access identified in this Complaint are removed in order to strengthen the already existing standing to confer jurisdiction upon this Court so an injunction can be issued correcting the numerous ADA violations on this property. (“Advocacy Purposes”).

7. Defendant, AUTOZONE, INC. (hereinafter “AUTOZONE, INC.”), is a Nevada company that transacts business in the State of Texas and within this judicial district.

8. Defendant, AUTOZONE, INC., may be properly served with process for service, via its Registered Agent, to wit: c/o C T Corporation System, Registered Agent, 120 South Central Avenue, Clayton, MO 63105.

FACTUAL ALLEGATIONS

9. On or about November 17, 2023, Plaintiff was a customer at “AutoZone,” a business located at 9710 Page Boulevard, St. Louis, MO 63132, referenced herein as “AutoZone”. Attached is a receipt documenting Plaintiff’s purchase. *See* Exhibit 1. Also attached is a photograph documenting Plaintiff’s visit to the Property. *See* Exhibit 2.

10. Defendant, AUTOZONE, INC., is the operator and lessee of the real property and improvements that AutoZone is situated upon and that is the subject of this action.

11. Plaintiff lives 8 miles from the Property.

12. Given the close vicinity of the Property to Plaintiff's residence, Plaintiff is routinely driving by the Property.

13. Plaintiff's access to the business(es) located 9710 Page Boulevard, St. Louis, MO 63132, St. Louis County Property Appraiser's property identification number 16L530323 ("the Property"), and/or full and equal enjoyment of the goods, services, foods, drinks, facilities, privileges, advantages and/or accommodations offered therein were denied and/or limited because of his disabilities, and he will be denied and/or limited in the future unless and until Defendant, AUTOZONE, INC., is compelled to remove the physical barriers to access and correct the ADA violations that exist at the Property, including those set forth in this Complaint.

14. Plaintiff has visited the Property three times before as a customer and advocate for the disabled. Plaintiff intends to revisit the Property after the barriers to access detailed in this Complaint are removed and the Property is accessible again. The purpose of the revisit is to be a return customer, to determine if and when the Property is made accessible and for Advocacy Purposes.

15. Plaintiff intends on revisiting the Property to purchase goods and/or services as a return customer living in the near vicinity as well as for Advocacy Purposes but does not intend to re-expose himself to the ongoing barriers to access and engage in a futile gesture of visiting the public accommodation known to Plaintiff to have numerous and continuing barriers to access.

16. Plaintiff travelled to the Property as a customer three times and as an independent advocate for the disabled, encountered the barriers to access the Property that are detailed in this Complaint, engaged those barriers, suffered legal harm and legal injury, and will continue to suffer such harm and injury as a result of the illegal barriers to access present at the Property.

17. Although Plaintiff did not personally encounter each and every barrier to access identified in Plaintiff's Complaint, Plaintiff became aware of all identified barriers prior to filing the Complaint and because Plaintiff intends on revisiting the Property as a customer and advocate for the disabled within six months or sooner after the barriers to access are removed, it is likely that despite not actually encountering a particular barrier to access on one visit, Plaintiff may encounter a different barrier to access identified in the complaint in a subsequent visit as, for example, one accessible parking space may not be available and he would need to use an alternative accessible parking space in the future on his subsequent visit. As such, all barriers to access identified in the Complaint must be removed in order to ensure Plaintiff will not be exposed to barriers to access and legally protected injury.

18. Plaintiff's inability to fully access the Property and the stores within in a safe manner and in a manner which inhibits the free and equal enjoyment of the goods and services offered at the Property, both now and into the foreseeable future, constitutes an injury in fact as recognized by Congress and is historically viewed by Federal Courts as an injury in fact.

COUNT I
VIOLATIONS OF THE ADA AND ADAAG

19. On July 26, 1990, Congress enacted the Americans with Disabilities Act 42 U.S.C. § 12101 *et seq.*

20. Congress found, among other things, that:

(i) some 43,000,000 Americans have one or more physical or mental

disabilities, and this number is increasing as the population as a whole is growing older;

- (ii) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem;
- (iii) discrimination against individuals with disabilities persists in such critical areas as employment, housing public accommodations, education, transportation, communication, recreation, institutionalization, health services, voting, and access to public services;
- (iv) individuals with disabilities continually encounter various forms of discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, overprotective rules and policies, failure to make modifications to existing facilities and practices, exclusionary qualification standards and criteria, segregation, and relegation to lesser service, programs, activities, benefits, jobs, or other opportunities; and
- (v) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our free society is justifiably famous, and costs the United States billions of dollars in unnecessary expenses resulting from dependency and non-productivity.

42 U.S.C. § 12101(a)(1) - (3), (5) and (9).

21. Congress explicitly stated that the purpose of the ADA was to:

- (i) provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;
- (ii) provide a clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities; and

* * * * *

- (iv) invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced day-to-day by people with disabilities.

42 U.S.C. § 12101(b)(1)(2) and (4).

22. The congressional legislation provided places of public accommodation one and a half years from the enactment of the ADA to implement its requirements.

23. The effective date of Title III of the ADA was January 26, 1992 (or January 26, 1993 if a defendant has 10 or fewer employees and gross receipts of \$500,000 or less). 42 U.S.C. § 12181; 28 C.F.R. § 36.508(a).

24. The Property is a public accommodation and service establishment.

25. Pursuant to the mandates of 42 U.S.C. § 12134(a), on July 26, 1991, the Department of Justice and Office of Attorney General promulgated federal regulations to implement the requirements of the ADA. 28 C.F.R. Part 36.

26. Public accommodations were required to conform to these regulations by January 26, 1992 (or by January 26, 1993 if a defendant has 10 or fewer employees and gross receipts of \$500,000 or less). 42 U.S.C. § 12181 *et seq.*; 28 C.F.R. § 36.508(a).

27. The Property must be, but is not, in compliance with the ADA and ADAAG.

28. Plaintiff has attempted to, and has to the extent possible, accessed the Property in his capacity as a customer at the Property as well as an independent advocate for the disabled, but could not fully do so because of his disabilities resulting from the physical barriers to access, dangerous conditions and ADA violations that exist at the Property that preclude and/or limit his access to the Property and/or the goods, services, facilities, privileges, advantages and/or accommodations offered therein, including those barriers, conditions and ADA violations more specifically set forth in this Complaint.

29. Plaintiff intends to visit the Property again as a customer and as an independent advocate for the disabled, in order to utilize all of the goods, services, facilities, privileges, advantages and/or accommodations commonly offered at the Property, but will be unable to fully

do so because of his disability and the physical barriers to access, dangerous conditions and ADA violations that exist at the Property that preclude and/or limit his access to the Property and/or the goods, services, facilities, privileges, advantages and/or accommodations offered therein, including those barriers, conditions and ADA violations more specifically set forth in this Complaint.

30. Defendant, AUTOZONE, INC., has discriminated against Plaintiff (and others with disabilities) by denying his access to, and full and equal enjoyment of the goods, services, facilities, privileges, advantages and/or accommodations of the Property, as prohibited by, and by failing to remove architectural barriers as required by, 42 U.S.C. § 12182(b)(2)(A)(iv).

31. Defendant, AUTOZONE, INC., will continue to discriminate against Plaintiff and others with disabilities unless and until Defendant, AUTOZONE, INC., is compelled to remove all physical barriers that exist at the Property, including those specifically set forth herein, and make the Property accessible to and usable by Plaintiff and other persons with disabilities.

32. A specific list of unlawful physical barriers, dangerous conditions and ADA violations which Plaintiff experienced and/or observed, or was made aware of prior to the filing of this Complaint, that precluded and/or limited Plaintiff's access to the Property and the full and equal enjoyment of the goods, services, facilities, privileges, advantages and accommodations of the Property include, but are not limited to:

ACCESSIBLE ELEMENTS:

- i. The total number of accessible parking spaces is inadequate and is in violation of Section 208.2 of the 2010 ADAAG standards. There are 40 marked parking spaces, requiring a minimum of two accessible parking spaces, but there is only one accessible parking space. This barrier to access would make

it difficult for Plaintiff to locate an available accessible parking space as such a small number of accessible parking spaces in a large parking lot increases the likelihood of there not being an available accessible parking space.

- ii. The accessible parking space has a slope in excess of 1:48 in violation of Section 502.4 of the 2010 ADAAG standards and is not level. This barrier to access would make it dangerous and difficult for Plaintiff to exit and enter their vehicle while parked at the Property as Plaintiff's wheelchair may roll down the slope while entering or exiting the vehicle.
- iii. The parking space does not have a marked access aisle in violation of Section 502.3.3 of the 2010 ADAAG standards. This barrier to access makes it nearly impossible for an individual in a wheelchair to enter and exit their vehicle at this accessible parking space due to the close presence of parked vehicles on one side of the accessible parking space and a raised curb on the other side not providing enough room for the wheelchair, this eliminates the accessible route from this accessible parking space. In addition, due to the lack of access aisle, when the vehicle parks in the accessible parking space, the vehicle itself blocks the accessible route.
- iv. As a result of the barrier to access referenced in (iii), the Property lacks an accessible route from the accessible parking space to the accessible entrance of the Property in violation of Section 208.3.1 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to access the units of the Property.

- v. There is a vertical rise of approximately $\frac{1}{2}$ an inch along the accessible route (if there was an accessible route) leading from the accessible parking space to the sidewalk in front of the public accommodation leading to the accessible entrance, in violation of Section 303.2 of the 2010 ADAAG standards. This barrier to access would make it dangerous and difficult for Plaintiff to access public features of the Property as vertical rise in excess of $\frac{1}{4}$ inch may cause Plaintiff's wheelchair to snag on the vertical rise and tip over.
- vi. Due to a policy of not having parking stops for the parking spaces directly in front of the exterior access route in front of the accessible parking space and the ramp leading from the accessible parking space, vehicles routinely pull up all the way to the curb and the "nose" of the vehicle extends into the access route causing the exterior access route to routinely have clear widths below the minimum thirty-six (36") inch requirement specified by Section 403.5.1 of the 2010 ADAAG Standards. This barrier to access would make it dangerous and difficult for Plaintiff to access exterior public features of the Property as there is not enough clear width for Plaintiff's wheelchair. (use the one below as well).
- vii. Due to a policy of not having parking stops for the parking spaces in front of the accessible parking space and the ramp leading from the accessible parking space, vehicles routinely pull up all the way to the curb and the "nose" of the vehicle extends into the access route as a result, in violation of section 502.7 of the 2010 ADAAG Standards, parking spaces are not properly designed so that parked cars and vans cannot obstruct the required clear width of adjacent

accessible routes. This barrier to access would make it dangerous and difficult for Plaintiff to access exterior public features of the Property as there is not enough clear width for Plaintiff's wheelchair.

- viii. There are no accessible parking spaces on the Property that have a sign designating an accessible parking space as "Van Accessible" in violation of section 208.2.4 of the 2010 ADAAG standards and section 502.6 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to locate a van accessible parking space.
- ix. The Property has an accessible ramp in front of the accessible parking space that lacks finished edges or edge protection on both sides of the ramp in violation of Section 405.9 of the 2010 ADAAG standards. This barrier to access would expose Plaintiff to increased risk of injury for if the wheelchair should fall off the side edge of the ramp, the lack of edge protection would likely cause Plaintiff to tip and incur injury.
- x. Defendant fails to adhere to a policy, practice and procedure to ensure that all facilities are readily accessible to and usable by disabled individuals.

RESTROOMS

- xi. Due to a policy of storing crates and boxes and items in the bathroom, in front of the door, the clear width of the door providing access to the restrooms is less than 32 (thirty-two) inches in violation of Section 404.2.3 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely utilize the restroom facilities.

- xii. As a result of the barrier to access referenced in (i), the accessible route to the restroom is blocked. Thus, the Property lacks an accessible route connecting the exterior of the Property to all accessible elements and features inside the Property in violation of Section 206.2.4 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to access public features of the Property due to the lack of a safe accessible route leading from the exterior to interior spaces inside the Property.
- xiii. The restrooms have grab bars adjacent to the commode which are not in compliance with Section 604.5 of the 2010 ADAAG standards as the rear bar is missing. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely transfer from the wheelchair to the toilet and back to the wheelchair.
- xiv. The lavatories and/or sinks in the restrooms have exposed pipes and surfaces and are not insulated or configured to protect against contact in violation of Section 606.5 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely utilize the sink as the pipes underneath the sink typically have sharp surfaces and/or hot pipes, and since individuals in wheelchairs use a sink while seated, their legs are particularly vulnerable to these threats.
- xv. Due to a policy of keeping the trash receptacle under the sink, the restrooms have a sink with inadequate knee and toe clearance in violation of Section 306 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to utilize the restroom sink as

Plaintiff is seated in a wheelchair and, when seated, Plaintiff's feet and legs protrude out in front. In order to properly utilize a sink, Plaintiff's legs must be able to be underneath the surface of the sink, but due to the improper configuration of the sink, there is no room underneath for Plaintiff's legs and feet.

- xvi. The accessible restroom signage is not located on the latch side of the door and is in violation of Section 703.4.2 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to locate accessible restroom facilities.
- 33. The violations enumerated above may not be a complete list of the barriers, conditions or violations encountered by Plaintiff and/or which exist at the Property.
- 34. Plaintiff requires an inspection of the Property in order to determine all of the discriminatory conditions present at the Property in violation of the ADA.
- 35. The removal of the physical barriers, dangerous conditions and ADA violations alleged herein is readily achievable and can be accomplished and carried out without significant difficulty or expense. 42 U.S.C. § 12182(b)(2)(A)(iv); 42 U.S.C. § 12181(9); 28 C.F.R. § 36.304.
- 36. All of the violations alleged herein are readily achievable to modify to the Property into compliance with the ADA.
- 37. Upon information and good faith belief, the removal of the physical barriers and dangerous conditions present at the Property is readily achievable because the nature and cost of the modifications are relatively low.
- 38. Upon information and good faith belief, the removal of the physical barriers and dangerous conditions present at the Property is readily achievable because Defendant,

AUTOZONE, INC. had an annual revenue in 2023 of over \$17 billion.

39. The removal of the physical barriers and dangerous conditions present at the Property is also readily achievable because Defendant has available to it a \$5,000.00 tax credit and up to a \$15,000.00 tax deduction from the IRS for spending money on accessibility modifications.

40. Upon information and good faith belief, the Property has been altered since 2010.

41. In instances where the 2010 ADAAG standards do not apply, the 1991 ADAAG standards apply, and all of the alleged violations set forth herein can be modified to comply with the 1991 ADAAG standards.

42. Plaintiff is without adequate remedy at law, is suffering irreparable harm, and reasonably anticipates that he will continue to suffer irreparable harm unless and until Defendant, AUTOZONE, INC., is required to remove the physical barriers, dangerous conditions and ADA violations that exist at the Property, including those alleged herein.

43. Plaintiff's requested relief serves the public interest.

44. The benefit to Plaintiff and the public of the relief outweighs any resulting detriment to Defendant, AUTOZONE, INC.

45. Plaintiff's counsel is entitled to recover its reasonable attorney's fees and costs of litigation from Defendant, AUTOZONE, INC., pursuant to 42 U.S.C. §§ 12188 and 12205.

46. Pursuant to 42 U.S.C. § 12188(a), this Court is provided authority to grant injunctive relief to Plaintiff, including the issuance of an Order directing Defendant, AUTOZONE, INC., to modify the Property to the extent required by the ADA.

WHEREFORE, Plaintiff prays as follows:

- (a) That the Court find Defendant, AUTOZONE, INC., in violation of the ADA and ADAAG;
- (b) That the Court issue a permanent injunction enjoining Defendant, AUTOZONE, INC., from continuing their discriminatory practices;
- (c) That the Court issue an Order requiring Defendant, AUTOZONE, INC. to (i) remove the physical barriers to access and (ii) alter the Property to make it readily accessible to and useable by individuals with disabilities to the extent required by the ADA;
- (d) That the Court award Plaintiff his reasonable attorneys' fees, litigation expenses and costs; and
- (e) That the Court grant such further relief as deemed just and equitable in light of the circumstances.
